

Subject **Multi-use Tanks**
Adopted **7/21/2006; 2/3/1995**

- A. Applications filed with the Petroleum Storage Tank Committee **prior to January 6, 1995**, shall be considered under the following policy:

All multi-use tanks shall be deemed eligible to access the fund, subject, however, to the standard deductions for any non-compliance.

- B. Applications filed with the Petroleum Storage Tank Committee **on or after January 6, 1995**, shall be considered under the following policy:

If the uses of a multi-use tank include a regulated use that would require the tank to have release detection pursuant to regulations promulgated by the Division of Oil and Public Safety, then such multi-use tank shall be deemed eligible to access the fund, subject, however, to the standard deductions for any non-compliance. But, if the uses of a multi-use tank do not include a regulated use that would require release detection pursuant to regulations promulgated by the Division of Oil and Public Safety, then such multi-use tank shall be deemed ineligible to access the fund, unless such tank has voluntarily come into full compliance with the regulations promulgated by the Division of Oil and Public Safety for release detection.
