Note: The meeting was recorded and started at 10:01 am. These minutes represent a summary of this meeting and are not intended to be a verbatim document. Audio recordings of the meetings can be obtained by contacting cdle_safetycommission@state.co.us.

MINUTES APPROVAL: A Motion was made to approve the minutes from the February 11, 2021, meeting: There was no discussion; a vote was taken to approve the minutes. It was approved unanimously.

BEST PRACTICES

Training Course(s) Approval

- Mentioned. No approval requests received as of yet.

MARKINGS - Best Practice

- Continued to work through the draft document.
- Observation made about lack of consistency in how markings are done & using the Statue language to deal with this in the Best Practice. Commissioners discussed how to develop a standard/best practice regarding markings: how spaced (every 30 ft or 50 ft or 100 ft or changes in directions), what about multiple utilities? Joint trenches? Crowded ROWs?
 - Group discussed how to fit the aforementioned into the Best Practice for Marking & perhaps the 'Large Project' Best Practice can capture 'complex projects' and their needs.
- Group discussed types of positive response codes and how those may not mean that locates were completed & what to do with this in the Best Practice.
- Three areas for Commissioners to consider and craft draft language for.

OTHER BUSINESS

- Members discussed a meeting summary to provide at the full Safety Commission meeting (March 11, 2021).
- Members discussed potential topics for the next Best Practices meeting, including working with CO 811 on the annual report and next steps

The next meeting is scheduled for: April 8, 2021.

Meeting adjourned at 11:40 am.
