

## Agenda Conveyances & Boilers

August 11, 2022 | Colorado Mesa University | South Ball Room

8:00 - 8:15 am

**Welcome**

Conveyance Program: Session One

8:15 - 9:30 am

**Keys to Compliance, Maintenance Control Plan Overview and Enforcement**

Learn about registration requirements, the difference between inspections and testing, types of Certificates of Operation and other conveyance owner responsibilities, such as permitting, accident reporting and the Enforcement process.

Learn about pertinent Conveyance Regulation changes over the last couple of years and the proposed changes for this year to be effective January 1, 2023.

Increase conveyance owners or responsible parties knowledge of the Maintenance Control Plan and its benefits.

9:30 - 10:00 am

**Morning Break**

Conveyance Program: Session Two

10:00 am - 11:00 am

**Northwest Colorado Council of Governments (NWCCOG) Conveyance Program**

Learn from the NWCCOG team about compliance requirements in their program.

11:00 - 12:30 pm

**Lunch**

12:30 - 12:45 pm

**Welcome**

Boiler Inspection Program: Session One

12:45 - 1:15 pm

**Keys to Compliance - Owner Responsibilities**

Learn what a boiler owner's responsibilities are. Who is inspecting my boiler and what are the necessary qualifications?

1:15 - 2:00 pm

### **Inspections**

Learn about what equipment requires inspection and what we look for. What are the codes we follow? See common things we find on our inspections.

2:00 - 2:30 pm

### **Afternoon Break**

Boiler Inspection Program: Session Two

2:30 - 3:30 pm

### **Accidents and Statistics**

Learn what can happen when boilers fail. See violation statistics in our jurisdiction.

3:30 - 4:00 pm

### **Enforcement**

What happens when I'm out of compliance?

4:00 pm

### **Closing**
